Battery LXT® 6.0 Ah

Li-ion • 18V • 6.0 Ah • BL1860B

BL1860B 6.0Ah Li-ion battery for 18V LXT® tools

Makita BL1860B is a high-capacity 18V LXT Lithium-Ion 6.0Ah power tool battery, designed for professional use to deliver extended run time and fast charging. It is compatible with over 125 Makita 18V LXT tools featuring the Star Protection symbol.

TECHNICAL

SPECIFICATIONS

Nominal Battery Voltage	18 V
Battery Capacity	6,0 Ah
Energy Capacity	108 Wh
Battery Chemistry (Ni-Cd / Ni-MH / Li-ion)	Li-ion
Product Dimensions (L x W x H):	113 x 75 x 62 mm
Net weight	0,66 kg

USER BENEFITS

- Extended Run Time: The 6.0Ah capacity provides up to twice the run time per charge compared to the Makita 3.0Ah (BL1830) battery, ideal for demanding applications and high power consumption tools.
- Rapid Charging: When paired with a Makita rapid optimum charger (like the DC18RC or DC18RD), the battery reaches a full charge in approximately 55 minutes.
- Integrated LED Indicator: A built-in LED charge level indicator allows you to monitor the battery status at a glance.
- Durable Design: It features an impact-resistant outer case and a shock-absorbing inner-liner to protect the cells from job site conditions.
- Star Protection Computer Controls: This communication technology between the tool and battery protects against overloading, over-discharging, and over-heating, optimizing battery life and performance.
- Minimal Self-Discharge: The battery resists self-discharge, ensuring it is ready for use even after long periods of storage.
