

Cordless Impact Driver

TD004GZ

40V MAX XGT • 1/4" • 230 Nm • 0 - 3900 min⁻¹

Cordless impact driver powered by 40Vmax XGT Li-Ion battery

Makita XGT TD004GZ is a powerful, 40V Max cordless brushless impact driver designed for heavy-duty fastening applications, delivering a maximum torque of 230 Nm.

TECHNICAL

SPECIFICATIONS

Capacity	Steel: 22 mm / Wood (Auger bit): 24 mm
Max fastening torque	230 Nm
No load speed	Max to Soft: 0 - 3,900 / 0 - 3,000 / 0 - 2,100 / 0 - 1,200 min ⁻¹
Impacts per minute	Max to Soft: 0 - 3,900 / 0 - 3,600 / 0 - 3,100 / 0 - 1,900 min ⁻¹
Dimensions (L x W x H)	136 x 86 x 248 mm
Net weight	1.1kg (without battery)

USER BENEFITS

- **Powerful Performance:** The brushless motor provides excellent performance in continuous heavy-duty operations, offering a max fastening torque of 230 N·m (pp. 1-2). It is ideal for driving screws into tough materials like Laminated Veneer Lumber (LVL).
- **Versatile Modes:** It features a simple 4-stage impact power selection (Max/Hard/Med/Soft) and a T-Mode assist function optimized for thin metal fastening applications, which helps prevent stripping.
- **Enhanced Durability:** The tool is equipped with eXtreme Protection Technology (XPT) for increased resistance to dust and water.
- **Compact and Ergonomic Design:** The driver has a short overall length of 136 mm (5-3/8") and an ergonomically designed soft grip for comfortable use.
- **User Controls:** It includes a variable speed trigger for precise control, a reversing switch, and twin LED lights with pre-glow and afterglow functions to illuminate the work area.
